Mukkisa Abhinaya

Software Developer Intern | Student

Email: abhinayareddy0309@gmail.com

Phone No: +91 62812 06489

LinkedIn: linkedin.com/in/abhinaya-reddy

Professional Summary

Results-driven and adaptable B.Tech student with hands-on experience in **full-stack web development**, specializing in **Java, Python, and React.js**. Proven ability to build responsive, user-centric applications and solve complex coding challenges.

Education

Bachelor of Technology
Malla Reddy Engineering College, India
CGPA: 87.8%
Aug 2023 – 2027

Skills Summary

Languages: C, Python, Java, JavaScript, HTML, CSS

Frameworks: React.js, Node.js

IDEs: Visual Studio Code, Git

Soft Skills: Problem-Solving, Interpersonal Skills, Strong Team Collaboration, Concise Communication, Quick Learner

Projects

Online Platform Survey (Sep 2023 – Dec 2023)

- Developed a web-based platform enabling users to create, manage, and share customizable surveys using different question formats.
- Integrated **real-time analytics** to visualize responses with dynamic charts and graphs using JavaScript libraries.

Weather App (Jan 2024 – Apr 2024)

- Built a weather forecasting app that fetches and displays real-time weather data using public APIs.
- Implemented **location-based search**, allowing users to get current and weekly forecasts for any city. Applied **scientific modeling concepts** for long-term predictions.

Portfolio (Jun 2025 – Jun 2025)

- Designed and developed a fully responsive, visually engaging portfolio to showcase projects, skills, and resume. Implemented **smooth navigation, animations**, and optimized page load times for better user experience.

Interests and Strengths

- Web Development
- Open Source Contributions
- Strong Debugging Skills
- Goal Orientation
